

SCHOOL LETTINGS MANAGEMENT

Our Aim:

- 1) To give local communities and clubs access to sport, educational, and recreational facilities while allowing schools to make the best possible use of their assets.
- 2) We are dedicated to fostering healthier, safer, and more prosperous communities. P&E Sports offers activity programmes for kids and people from deprived backgrounds, and we make sure that everyone can participate in them regardless of their financial situation.

What do we do:

- We are a committed school lettings supplier who provides the community with outstanding customer service whilst generating revenue for schools.
- P&E Sports has over ten years of expertise and is the only lettings company in England that will donate a portion of its income to activities for underprivileged kids.
- P&E Sports pays all expenses related to staffing activities. To work for us, all employees must successfully complete safeguarding Level 2 training, a Paediatric First Aid course and complete an enhanced DBS check.
- Hirers can instantly discover availability, book, view payments and invoicing, and contact the team with our fully controllable, online booking system.

How we maximise the usage of your facilities:

- Identify companies/organisations already working within the area to facilitate additional clubs to their current program.
- Market on local advertisements, online and our social media channels.
- Where hall hire was not filled via external groups - offer our own community program scheme

FREE Community Activity Program

Activities after school or during school holidays can be particularly difficult for some families to access because of increased costs and reduced incomes. The majority of these children are from disadvantaged families. Children on FSM (free school meals) are:

- 1) Less likely to access organised out-of-school activities
- 2) More likely to become unhealthy in terms of nutrition & physical health
- 3) More likely to experience mental health issues or anxiety
- 3) More likely to experience social isolation

Our Free clubs are a response to this issue and we can see from our other facilities the positive impact on children and young people this is having.

Youth 4 Youth Clubs

As part of our agreement when being awarded the management of the school lettings. We will include a "Youth 4 Youth" club as part of our provision. We will start a committee of young people, all of whom are members of the school or local area. We will deliver this activity one day a week for 2 hours. The Youth 4 Youth club was set up to allow young people to influence and shape the activities which take place on a weekly basis.

Holiday Camps:

- Every School Holiday
- Mixture of activities
- Make friends
- Safe environment
- Keep fit
- Volunteer opportunities for school pupils.

Other Weekly Activities:

- Gymnastics
- Football
- Basketball
- Glow Sports
- Nerf Gun Battles
- Birthday Parties
- And many more...

Enhance Your Schools Reputation

Running after-hours rentals will draw big numbers of people to your school who otherwise wouldn't have the chance to visit and use the facilities. By opening your doors to the neighbourhood, you will improve how the community perceives your school, which will encourage prospective parents to learn more about it and increase enrollment.

Your willingness to welcome the public shows your dedication to healthy living, and the preservation and upgrading of the facilities you provide contribute to improving the school's reputation.

Increase School Revenue

Whether you currently use another provider, operate school lettings in-house or do not provide your facilities to your local community. We can promise you will love the service we provide.

From a financial point of view we guarantee we will increase your income from your facility.

Questions? or for an estimate of how much we could earn your school.
